Professional Experience and Curriculum Vitae

I'm a 23 year old London based designer with a passion for doodling. I graduated a year ago from the University of the Arts London with a 1st class degree in BA Illustration. Intrigued by little details that people often pass by, my work always reflects what is inspiring me at that moment. It can be anything from nature, to fashion to found items on the street. My work has always been detailed and on a rather small scale, which people have often commented on as I am pretty small myself! My most recent work has been illustrations for Marie Claire magazine and a look book for fashion boutique Matches and I'm in the process of developing my "Little Birds" into a wider range of products.
