Professional Experience and Curriculum Vitae

Custom Tradeshow Exhibit Designer with 20+yrs experience designing every size and type of exhibit and display from the smallest counter top POP to multi-story European "Stands". My designs are tools for selling and educating the tradeshow visitor in the most effective way possible suited to the my client's corporate style and the target audience's tastes. My rendering abilities are impeccable, and my understanding of tradeshow construction standards means my designs are always in budget.

Previous Clientele

Over the span of my career I have worked at several of the tradeshow industry's major companies with corporate giants in many different industries as my clients. But every client receives the same attention and design effort no matter what their size.
