## Professional Experience and Curriculum Vitae

Hi, I'm Mike Wolff, an illustrative designer from England.

Raised on a diet of Lego and crayons in the beautiful Sussex countryside, I went on to complete a Bachelor of Arts degree in Illustration. I am now a master of sophisticated doodling and like nothing more than injecting this into my work to produce beautifully weird, intricate and enticing imagery.??

My fertile imagination is home to an inner world of twisted wonder, and my work mirrors this surreal take on life. Think quirky monsters, irregular juxtapositions, beautiful patterns and fantastic landscapes. Being a huge sketchbook fan, everything begins in there; and drawing is key! To achieve that clean graphic feel, most of my work usually goes via the computer, but I'm equally at home creating custom toys, sculptural cut-outs or meticulous pen & ink designs.??

So if you want to commission me, collaborate with me, or just to say "Hello", I'd love to hear from you.
