Professional Experience and Curriculum Vitae

I am creating digital art works since years and some of them makes me look at them again, again and again, wondering some times how have I been able to create such kind of ideal personal extraction. Associating the world around and reflecting my feelings means giving my interpretation. I like to invite you for a (first) look up of my internet presentation at http://galeriejalass.tripod.com Comments are welcome. Could you arrange a show of my digital art work on your, on one or on some digital display/s? Thanks for your interest. Immo

Previous Clientele

Immo Jalass is an autodidact.; a self-taught extraordinary creative artist, whose vast body of captivating artwork journeys through several fertile decades, touching on nearly all the major art movements of the 20th century. And, given all that, the most surprising thing about Immo's artistic output is, that the work remains unique and totally Immo Jalass, even in this early dawn of the 21st century. Teamed with an enthusiastic curiosity that fuels his vision, his creative input and output is tremendous. He is a thoughtful and generous being, who is always ready to share his knowledge and to lend assistance to his fellows. I highly recommend Immo Jalass for any artistic endeavours he pursues or that are proposed for him; and of course, I highly support and recommend his artist work to buyers and collectors at all levels.

Awards and Accolades

Stedelijk Museum Amsterdam – Participating Groupexposition ”Op losse schroeven” – Objects and Projects

Since 2000 I am working on the computer (digital art)

Awards and Accolades

Immo Jalass

Born 1938 in Hamburg, Germany. Autodidact (self taught).
