## Professional Experience and Curriculum Vitae

We are professional web design company in india, since 2000. Our services are web design,internet marketing,flash presentations,joomla cms, wordpress,content writing,google seo,google adwords,social media marketing,community builder and mobile applications.

We are not exactly workaholics but then we are getting there. We thrive-love challenges from clients who make make us push the envelope, so to say and contribute towards making people experience services and products differently.

we have served up over 1000 web recipes across 15 verticals using the simple philosophy of understanding the core substance of every client's order. Our team is quietly passionate in their single-minded dedication to deliverables on time, every time. And if you think you need that different look to your business, the time is now to mail us at [designs@opendesigns.in](mailto:designs@opendesigns.in)
