Professional Experience and Curriculum Vitae

I'm a graphic designer / illustrator and currently staying in the heart of Vilnius, Lithuania.

I've been strongly attracted to drawing ever since my deepest childhood. Based on my experience, I'm able to work with different types of graphics - raster, vector, 3d and draw by hand.

My keen interests are varies from full experimental projects to calm, minimalistic works. The range of graphic preferences is unlimited and I'm always open to new ideas and challenges. For better glimpse of my innovations and creativity you can always view my portfolio.
