Professional Experience and Curriculum Vitae

The Vacuum is a multidisciplinary creative shop with a sweet-spot for the Gen Y niche. We specialize in bringing creative strategies to life through multiple channels - print, broadcast, web, non-traditional media... you name it! Our core skills lie in print design, motion graphics, interactive programming, 3D design and animation.

Based in a mountain valley of British Columbia, we all came here from big cities to play for team Vacuum where we can produce great work but still enjoy the outdoors every day. Our clients include Warner Brothers, Foot Locker, Nike, Puma, Interscope Records, Toyota, Pepsi, ESPN, Office Max, Dial, Kona bikes, and the ACLU.

We've also successfully worked as a supplementary team for a handful of top-notch Advertising and Interactive agencies like BBDO, DDB, Attik, Toy NY, Juxt Interactive, Nitro NY, Fourth Wall Studios, Eclipse Advertising, and Digitaria.
